

CURRICULUM VITAE

EDITH CHEN

Northwestern University
Department of Psychology
2029 Sheridan Road
Evanston, IL 60208-2710
Phone (847) 467-0366
Fax (847) 491-7859
edith.chen@northwestern.edu

EDUCATIONAL BACKGROUND

University of California, Los Angeles, Ph.D. in Clinical Psychology, 1998.
Minor in Health Psychology.

University of California, Los Angeles, M.A. in Clinical Psychology, 1994.

Harvard University, B.A. Magna Cum Laude in History of Science, 1993.

PROFESSIONAL EXPERIENCE

Northwestern University

John D. and Catherine T. MacArthur Professor, 2017-present

Northwestern University, Institute for Policy Research

Faculty Fellow, 2012-present

Northwestern University, Department of Psychology

Professor, 2012-present

Northwestern University, Feinberg School of Medicine

Professor of Medical Social Sciences, 2012-present

University of British Columbia

Canada Research Chair in Health and Society, 2004-2012

University of British Columbia, Department of Psychology

Professor, 2010-2012

University of British Columbia, Department of Pediatrics

Faculty Associate, 2004-2012

**British Columbia Research Institute for Children's & Women's Health
Centre for Community Child Health Research**
Faculty Associate, 2004-2012

University of British Columbia, Department of Psychology
Associate Professor, 2005-2010

University of British Columbia, Department of Psychology
Assistant Professor, 2003-2005

Washington University, Department of Psychology
Assistant Professor, 2000-2003

University of Pittsburgh School of Medicine, Department of Psychiatry
NIMH Post-doctoral fellow, 1998-2000.
Psychology intern, Western Psychiatric Institute and Clinic, 1997-1998.

HONORS AND AWARDS

American Academy of Arts and Sciences, Elected member, 2020
Patricia R. Barchas Award in Sociophysiology, American Psychosomatic Society,
2018
George A. Miller Award for outstanding article in general psychology, American
Psychological Association Society for General Psychology, 2015
American Psychological Association Committee on Socioeconomic Status Award
for Emerging Leadership, 2010
Fellow, Center for Advanced Study in the Behavioral Sciences, Stanford
University, 2009-2010
Killam Research Prize, University of British Columbia, 2008
American Psychological Association Distinguished Scientific Award for Early
Career Contribution to Health Psychology, 2004
Society of Behavioral Medicine Young Investigator Award, 2004
Canada Research Chair in Health and Society, 2004-2012
Peter Wall Institute for Advanced Studies Early Career Scholar, 2004-2005
American Psychological Association Division 54, Society of Pediatric
Psychology, Donald K. Routh Early Career Award, 2003
William T. Grant Faculty Scholar, 2003-2008
Michael Smith Foundation for Health Research Scholar, 2003-2008
Finalist for the New York Academy of Sciences James McKeen Cattell
Dissertation Award, 1999
Joseph Gengerelli Distinguished Dissertation Award, UCLA Dept. of
Psychology. Awarded for best dissertation in the department, 1998
Eugene Cota-Robles University Fellowship, UCLA, 1993-1997
Phi Beta Kappa, Harvard University, 1993
John Harvard Scholarship, Harvard University. Awarded for academic

achievement of highest distinction, 1992-1993

GRANTS AWARDED

Principal Investigator, National Institutes of Health, (R01 HL136676), "An interpersonal relationships intervention for improving cardiovascular health in youth," 2018-2023.

Principal Investigator, National Institutes of Health, (R01 HD093718), "Understanding diverging profiles of academic and physical health outcomes in African American youth," 2018-2023.

Site Principal Investigator, National Institutes of Health (R01 HD091235), "Pathways linking early adversity and support to behavioral and physical health," 2018-2023.

Site Principal Investigator, National Institutes of Health (R01 MH113883), "Early life adversity, biological embedding, and risk for developmental precursors of mental disorders," 2018-2023.

Site Principal Investigator, Children's Discovery Institute (MI-II-2018-725), "The gut microbial contribution to systemic inflammation and moderating role of psychosocial stress," 2018-2021.

Co-Investigator, National Institutes of Health (P50 DA051361), "Neuroscience, immunology, social adversity, and the roots of addictive behaviors: Toward a new framework for drug use etiology and prevention," 2020-2025.

Co-Investigator, National Institutes of Health (R01 HD030588), "Developmental, contextual, and psychosocial predictors of weathering and health among rural African Americans in their fourth decade of life," 2019-2024.

Co-Investigator, National Institutes of Health (R01 HL137809), "Early psychosocial intervention and child and parent cardiovascular disease risk," 2018-2022.

Co-Investigator, National Institutes of Health (U24 OD02331901), "ECHO PRO research resource: A developmentally-based measurement science framework for assessing environmental exposure and child health," 2016-2019.

Co-Investigator, National Institutes of Health (P30 DA027827), "Vulnerability to drug use & HIV: Advancing prevention for rural African Americans," 2014-2019.

Co-Investigator, National Institutes of Health (R01 HD030588), "Rural African American young adults' pathways to psychosocial and physical health," 2014-2019.

Principal Investigator, Russell Sage Foundation (96-17-01), "Could skin-deep resilience be an unintended consequence of academic motivation interventions?" 2017-2018.

Principal Investigator, National Institutes of Health (R01 HL108723), "Multi-level understanding of social contributors to SES disparities in asthma," 2012-2018.

Co-Investigator, Russell Sage Foundation (96-18-01), "Socioeconomic and racial gaps in schools: Implications for health and employment," 2017-2018.

Co-Investigator, National Institutes of Health (R01 HL122328), "Childhood origins of CHD disparities: Neural and immune pathways," 2014-2018.

Principal Investigator, Canadian Institutes of Health Research, "Psychosocial demands and cardiovascular risk," 2009-2014.

Co-Investigator, Canadian Institutes of Health Research, "Canadian birth cohort: Indoor air and the development of allergy and asthma," 2008-2014.

Co-Investigator, National Institutes of Health (R21 AA021073), "Development and validation of a comprehensive stress battery for adolescents," 2011-2013.

Principal Investigator, William T. Grant Foundation, "How volunteer programs affect health and well-being in low-income youth," 2011-2012.

Co-Investigator, National Institutes of Health (R01 HD058502), "Biological embedding of early-life SES," 2008-2013.

Principal Investigator, National Institutes of Health (R01 HL073975), "Socioeconomic status & asthma biological markers," 2005-2010.

Principal Investigator, William T. Grant Foundation (#2530), "Socioeconomic status, stress, and asthma in childhood," 2003-2008.

Co-Principal Investigator, AllerGen NCE (07-A1E), "Psychosocial assessment and epigenetics," 2007-2009.

- Co-Investigator, British Columbia Ministry of Children and Family Development (Human Early Learning Partnership), "Genomic embedding of SES early in life," 2006-2009.
- Principal Investigator, Canadian Institutes of Health Research (MOP-64304), "Effects of socioeconomic status and stress on children's health," 2003-2008.
- Co-Principal Investigator, Peter Wall Exploratory Workshop, "From molecules to society: The psychobiological determinants of health and well-being," 2007-2008.
- Co-Investigator, UBC Martha Piper Research Fund, "Establishment of a birth cohort study in Paarl, Western Cape Province, South Africa," 2007-2008.
- Principal Investigator, Establishment Grant and Scholar Award, Michael Smith Foundation for Health Research (CI-SCH-82:02-1), 2003-2008.
- Principal Investigator, Canada Foundation for Innovation (202075), "Infrastructure funds for Health Disparities Laboratory," 2004-2007.
- Principal Investigator, MacArthur Foundation Research Network on Socioeconomic Status and Health, "Dynamic models of socioeconomic status and child health," 2005-2007.
- Principal Investigator, British Columbia Ministry of Children and Family Development (Human Early Learning Partnership), "Psychosocial experiences versus environmental exposures in childhood asthma," 2004-2006.
- Principal Investigator, National Institutes of Health, National Institute of Child Health and Human Development (R03 HD43652) "Socioeconomic status & respiratory/cardiovascular health," 2003-2004.
- Project Leader, National Institutes of Health, National Heart Lung and Blood Institute. Study funded as part of the University of Pittsburgh- Carnegie Mellon Mind-Body Center (P50 HL65111 and HL65112), "SES-health pathways: Developing a cognitive bias measure," 1999-2000.
- Principal Investigator, National Institute of Mental Health Individual National Research Service Award (F31 MH11365), "Behavioral intervention for painful cancer procedures," 1996-1997.
- Principal Investigator, American Cancer Society, California Division, Fellowship (3-7-96), "Intervention to reduce medical-procedure distress among

children with cancer," 1996-1997.

PUBLICATIONS

Miller, G. E., White, S. F., Chen, E., & Nusslock, R. (in press). Among children living in poverty, inflammatory activity is associated with larger neural responses to threat and reward. *The American Journal of Psychiatry*.

Chen, E., Yu, T., Siliezar, R., Drage, J. N., Dezil, J., Miller, G. E., & Brody, G. H. (in press). Evidence for skin-deep resilience using a co-twin control design: Effects on low-grade inflammation in a longitudinal study of youth. *Brain, Behavior, and Immunity*.

Brody, G.H., Yu, T., Chen, E., & Miller, G.E. (in press). Persistence of skin-deep in resilience in African American Adults. *Health Psychology*.

Brody, G. H., Yu, T., Miller, G. E., & Chen, E. (in press). A family-centered prevention ameliorates the associations of low self-control during childhood with employment income and poverty status in young African American adults. *Journal of Child Psychology and Psychiatry*.

Finewood, E. D., Chen, E., Kish, J., Vause, K., Leigh, A. K. K., Hoffer, L., & Miller, G. E. (in press). Community violence and cellular and cytokine indicators of inflammation in adolescents. *Psychoneuroendocrinology*.

Miller, G. E., Chen, E., Yu, T., & Brody, G. H. (2020). Youth who achieve upward socioeconomic mobility display lower psychological distress but higher metabolic syndrome rates as adults: Prospective evidence from Add Health and MIDUS. *Journal of the American Heart Association*, 9, e015698.

Chen, E., Hayen, R., Le, V., Austin, M. K., Shalowitz, M. U., Story, R. E., & Miller, G. E. (2019) Neighborhood social conditions, family relationships, and childhood asthma. *Pediatrics*, 144, e20183300.

Chen, E., Shalowitz, M. U., Story, R. E., Hayen, R., Leigh, A. K. K., Hoffer, L. C., Austin, M. K., Lam, P. H., Brody, G. H., & Miller, G. E. (2019). The costs of high self-control in Black and Latino youth with asthma: Divergence of mental health and inflammatory profiles. *Brain, Behavior, and Immunity*, 80, 120-128.

Levine, C. S., Markus, H. R., Austin, M. K., Chen, E., & Miller, G. E. (2019). Students of color show health advantages when they attend schools that emphasize the value of diversity. *Proceedings of the National Academy of Sciences*, 116, 6013-6018.

PRESENTATIONS

Chen, E. & Miller, G. E. (2020). Socioeconomic and racial disparities in health. Invited presentation at NorthShore University Health System, Evanston, IL.

Weissman-Tsukamoto, R., Finegood, E. D., Leigh, A. K. K., Hoffer, L., Chen, E., & Miller, G. E. (2020). Associations between maternal hostility and inflammatory cytokine regulation in adolescents. Poster presented at the International Society for Developmental Psychobiology meeting.

Chen, E. (2020). Progressing research during a global pandemic. Invited presentation at the Northwestern Institutional Review Board seminar, Chicago, IL

Chen, E. (2019). Neighborhood social conditions, family relationships, and childhood asthma. Invited presentation at the Northwestern Personality, Development, and Health seminar, Evanston, IL.

Chen, E. (2019). Socioeconomic status and obesity-related outcomes. Invited presentation to the NIH Obesity Research Task Force, Bethesda, MD.

Chen, E. (2019). The role of social support in understanding health. Invited presentation at Northwestern Community Health Corps, Evanston, IL.

Chen, E. (2019). Skin-deep resilience and potential interventions. Invited presentation at Northwestern Student Engagement Services, Evanston, IL.

Chen, E. (2019). Health disparities in childhood and psychosocial protective factors. Harvard University Psychology Department Colloquium, Cambridge, MA.

Chen, E. (2018). The social environment, psychology, and links to the biology of childhood asthma. Invited presentation at Pediatric Grand Rounds, Northwestern/Lurie Children's Hospital, Chicago, IL.

Chen, E. (2018). The hidden costs of academic success. Invited presentation at the Regional TRiO Event, DePaul University, Chicago, IL.

Chen, E. (2018). Resilience: Maintaining good health in the face of adversity. Keynote speaker at the Applied Social Science Annual Symposium, University of Cambridge, Cambridge, England.

Chen, E. (2018). Resilience in health disparities. Patricia R. Barchas Award Lecture, American Psychosomatic Society meeting, Louisville, KY.

Chen, E. (2018). Health and inflammatory profiles in low-income youth. University of Miami Department of Psychology Distinguished Speaker Series, Miami, FL.

Ehrlich, K. B., Miller, G. E., Shalowitz, M., Story, R., Levine, C., Lam, P. H., Austin, M., & Chen, E. (2018). Secure base representations in children with asthma: Links with symptoms, family asthma management, and cytokine regulation. Paper presented at the American Psychosomatic Society meeting, Louisville, KY.

Ehrlich, K. B., Miller, G. E., Shalowitz, M., Story, R., Levine, C., Austin, M., Lam, P. H., Corallo, K., Lyle, S., & Chen, E. (2018). Loneliness in children with asthma: Links with symptoms, family asthma management, and cytokine regulation. Paper presented at the American Psychosomatic Society meeting, Louisville, KY.

Austin, M. K., Chen, E., Ross, K., McEwen, L., M., MacIssac, J. L., Kobor, M., & Miller, G. E. (2018). Socioeconomic disadvantage in early childhood but not adulthood predicts accelerated epigenetic aging. Paper presented at the American Psychosomatic meeting, Louisville, KY.

Chiang, J. J., Chen, E., & Miller, G. E. (2018). Childhood abuse, midlife social support, and mortality risk. Symposium presentation at the American Psychosomatic Society meeting, Louisville, Kentucky.

Levine, C. S., Austin, M. K., Chen, E., & Miller, G. E. (2018). Students of color have better health in school environments that value diversity. Poster presented at the

American Psychosomatic Society meeting, Louisville, KY.

Lam, P. H., Levine, C. S., Shalowitz, M. U., Story, R. E., Austin, M. K., Hayen, R., Sinard, R. N. & Chen, E. (2018). Family obligation and asthma in youth: The moderating role of socioeconomic status. Poster presented at the American Psychosomatic Society meeting, Louisville, KY.

Jones, E.J., Lam, P.H., Hoffer, L., Chen, E., & Schreier, H. M. C. (2018). Chronic family stress and adolescent health: The moderating role of emotion-regulation. Poster presented at the American Psychosomatic Society meeting, Louisville, KY.

Chen, E. (2017). Disparities in childhood: Protective factors. Invited talk at the University of Chicago Department of Psychiatry Grand Rounds, Chicago, IL.

Manczak, E., Austin, M., Lam, P., & Chen, E. (2017). Parental depressive symptoms potentiate the effect of youth negative mood symptoms on gene expression in children with asthma. Poster presented at the special topic meeting of the American Psychosomatic Society, Berkeley, CA.

Ehrlich, K. B., Manczak, E., Levine, C., Leigh, A., & Chen, E. (2017). Parent and child relationship stress: Unique associations with children's inflammatory profiles. Paper presented at the Society for Research in Child Development meeting, Austin, TX.

Hostinar, C. E., Ross, K. M., Chen, E., & Miller, G. E. (2017). Social trust buffers against metabolic risk associated with childhood socioeconomic disadvantage. Paper presented at the Society for Research in Child Development meeting, Austin, Texas.

Levine, C. S., Sinard, R., Daftary, K., & Chen, E. (2017). When subjective social status predicts worse health. Paper presented at the Society for Personality and Social Psychology meeting, San Antonio, TX.

Austin, M. K., Chen, E., Ross, K., McEwen, L., M., MacIssac, J. L., Kobor, M., & Miller, G. E. (2017). Socioeconomic disadvantage in early childhood but not adulthood predicts accelerated epigenetic aging. Paper presented at the Brain, Behavior, and Immunity Midwest meeting, Chicago, IL.

Chen, E. (2016). Childhood asthma disparities: Psychosocial contributors. Invited talk at Washington University School of Medicine, Division of Allergy, Immunology, and Pulmonary Medicine, St. Louis, MO.

Chen, E. (2016). Socioeconomic disparities in children's health. Invited talk at the University of Pittsburgh Department Colloquium, Pittsburgh, PA.

Chen, E. (2016). Health disparities in families. Invited talk at the Northwestern University Personality and Health seminar, Evanston, IL.

Chen, E. (2016). Protective psychosocial factors, childhood socioeconomic status, and health. Cornell University Department of Human Development Henry N. Ricciuti Memorial Lecture, Ithaca, NY.

Manczak, E. M., Williams, D., & Chen, E. (2016). The role of family routines in the intergenerational transmission of depressive symptoms between parents and their adolescent children. Poster presented at the Society for Research on Psychopathology meeting, Baltimore, MD.

Salsman, J. M., Zebrack, B., Snyder, M. A., Rosenberg, A. R. & Chen, E. (2016). Arrested development? Examining developmental processes in adolescent and young adult cancer survivors. Poster presented at the Biennial Cancer Survivorship Research Conference, Washington D.C.

Manczak, E., Williams, D., & Chen, E. (2016). Variability in daily parent-adolescent interactions predicts youth emotion regulation abilities. Poster presented at the Association for Psychological Science meeting, Chicago, IL.

Hoffer, L., Vause, K., Miller, G., & Chen, E. (2016). Personality and exposure to violence related to signs of obesity in adolescents. Poster presented at the Association for Psychological Science meeting, Chicago, IL.

Chen, E. (2003). Socioeconomic status, stress, and health in chronically ill and healthy adolescents. Invited talk, Washington University Health Behavior Research Seminar, St. Louis, MO.

Chen, E., Jenkerson, M., Morris, J., Skala, J. (2003). Recruitment, consent, and randomization in biopsychosocial research. Invited panel discussion at the Washington University Forum on Behavioral Bioethics, St. Louis, MO.

Chen, E. (2002). What is a city? Psychological approaches to understanding how the larger social environment affects health. Invited talk at University of Missouri, St. Louis, MO.

Chen, E. (2002). Sickle cell disorder: Issues and interventions. Invited talk at the Hope Lab Foundation Research Meeting, Palo Alto, CA.

Chen, E. (2002). Socioeconomic status, stress interpretations, and cardiovascular reactivity in adolescents. Invited talk at the Mind-Body Centers national meeting, Pittsburgh, PA.

Chen, E., Fisher, Jr., E. B., Bacharier, L.B., & Strunk, R. C. (2002). Socioeconomic status, stress, and asthma in adolescence. Symposium presentation at Society of Behavioral Medicine meeting, Washington DC.

Chen, E. (2002). Socioeconomic status and health around the world. Symposium chair and presenter at American Psychosomatic Society meeting, Barcelona, Spain.

Bloomberg, G.R., Chen, E., Fisher, Jr., E.B., & Strunk, R. C. (2002). The impact of psychosocial and socio-environmental factors on repeat asthma hospitalizations. Paper presented at American Academy of Allergy, Asthma, & Immunology meeting, New York, NY.

Chen, E. (2002). Socioeconomic status, race, and health in adolescence. Invited talk at MacArthur Foundation meeting, Los Angeles, CA.

Chen, E. & Matthews, K. A. (2001). New concepts in understanding the effects of socioeconomic status on health. Symposium presentation at American Psychosomatic Society meeting, Monterey, CA.

Chen, E. (2000). Socioeconomic status and cardiovascular reactivity: The role of interpretations of social situations. Invited talk, Washington University Health Behavior Research Seminar, St. Louis, MO.

Chen, E. (2000). Developing a measure of interpretations of social situations: A potential link between socioeconomic status and cardiovascular reactivity? Invited talk, University of Pittsburgh/Carnegie Mellon University Mind Body Center, Pittsburgh, PA.

Chen, E., Matthews, K. A., Boyce, W. T., Kapuku, G. K., & Williams, R. B. (2000).

Social environment and childhood health. Symposium chair and presenter at American Psychosomatic Society meeting, Savannah, GA.

Chen, E. (2000). Impact of socioeconomic background on children's health. Invited talk at the Health Psychology Brown Bag, University of Pittsburgh, PA.

Chen, E., & Matthews, K. A. (1999). Developmental models in the SES and health relationship. Invited talk at the MacArthur Foundation meeting on Socioeconomic Status and Child Health, San Francisco, CA.

Chen, E., & Matthews, K.A. (1999). Socioeconomic differences in social information processing and cardiovascular reactivity. Poster presented at the New York Academy of Sciences conference on Socioeconomic Status and Health in Industrial Nations, Washington DC.

Chen, E., Zeltzer, L. K., Craske, M.G., & Katz, E. R. (1999). Children's cognitive biases during painful medical procedures. Invited talk at Developmental Psychology Brown Bag, University of Pittsburgh, Pittsburgh, PA.

Chen, E., Zeltzer, L. K., Craske, M.G., & Katz, E. R. (1998). Memory influences on children's distress during repeated aversive cancer procedures. Invited talk at Health Psychology Brown Bag, University of Pittsburgh, Pittsburgh, PA.

Chen, E., Zeltzer, L. K., Craske, M. G., & Katz, E. R. (1998). Can a brief, cost-effective memory intervention reduce children's distress during painful cancer procedures? Poster presented at meeting of the Society of Behavioral Medicine, New Orleans, LA.

Chen, E., Zeltzer, L. K., Craske, M. G., & Katz, E. R. (1997). Psychological intervention to reduce pain and anxiety among pediatric patients undergoing acute medical procedures. Invited talk at University of Washington Workshop on Pain Research in Pediatric Dentistry (sponsored by the National Institute of Dental Research), Seattle, WA.

Chen, E., Zeltzer, L. K., Craske, M. G., & Katz, E. R. (1997). Short- and long-term effects of a novel, brief memory-based intervention on children's distress during lumbar punctures. Invited talk, Pediatric Grand Rounds, Childrens Hospital, Los Angeles, CA.

Chen, E., Zeltzer, L. K., Bentler, P. B., Byrne, J., Nicholson, H. S., Meadows, A. T., Mills, J. L., Haupt, R., Fears, T. R., & Robison, L. L. (1997). Pathways linking treatment intensity and psychosocial outcomes among adult survivors of childhood leukemia. Invited talk at Health Psychology Brown Bag, UCLA, Los Angeles, CA.

Chen, E., Katz, E. R., Craske, M. G., & Zeltzer, L. K. (1997). The role of memory

in reducing children's distress surrounding painful cancer procedures. Poster presented at meeting of the Society of Behavioral Medicine, San Francisco, CA.

Chen, E., Zeltzer, L. K., Byrne, J., Nicholson, H. S., Meadows, A. T., Mills, J. L., Haupt, R., Fears, T. R., & Robison, L. L. (1996). Psychological outcome in long-term survivors of childhood cancer. Paper presented at meeting of the Society of Behavioral Medicine, Washington DC.

Chen, E., Zeltzer, L. K., Byrne, J., Nicholson, H. S., Meadows, A. T., Mills, J. L., Haupt, R., Fears, T. R., & Robison, L. L. (1996). Pathways to risk behavior in young adult survivors of childhood acute lymphoblastic leukemia (ALL). Paper presented at meeting of the 4th International Conference on the Long-Term Complications of Treatment of Children and Adolescents for Cancer, Buffalo, NY.

Chen, E., Lewin, M. R., & Craske, M. G. (1994). Effects of state anxiety on selective processing of threatening information. Poster presented at meeting of the American Psychological Association, Los Angeles, CA.

Chen, E., Maidenberg, E., & Craske, M. G. (1994). Specificity of processing of threat cues in anxious individuals. Poster presented at meeting of the Association for Advancement of Behavior Therapy.

PROFESSIONAL ACTIVITIES

Memberships

Elected member, American Academy of Arts and Sciences

Fellow, Association for Psychological Science

Fellow, Academy of Behavioral Medicine Research

MacArthur Foundation Research Network on Socioeconomic Status and Health,
Network Associate, 2004-2009

American Psychological Society

American Psychosomatic Society

Health Psychology (Div. 38) of the American Psychological Association

Society of Pediatric Psychology (Div. 54) of the American Psychological Association

Society of Behavioral Medicine

Service

2015-2019: Russell Sage Foundation Working Group member, Biology and Social Sciences

2017: Russell Sage Foundation Advisory Committee member for Integrating Biology and Social Science Knowledge

2014: National Children's Study, Environmental Domain Working Group member

2004-2013: Track Co-Chair, International Congress of Behavioral Medicine

2011: Selection Committee, American Psychological Association, Award for Early Career Contribution to Health Psychology

- 2011: Reviewer for the Center for Advanced Study in the Behavioral Sciences fellow selection, Stanford University
- 2011: Awards Committee, Academy of Behavioral Medicine Research
- 2006-2009: Chair, Awards Committee, American Psychosomatic Society
- 2005-2008: Council Member, American Psychosomatic Society
- 2005: Selection Committee, American Psychological Association, Award for Early Career Contribution to Health Psychology
- 2002-2005: Member, American Psychosomatic Society Program Committee
- 2002-2004: Reviewer for American Psychosomatic Society meeting abstracts
- 2001-2004: Reviewer for Division 38, American Psychological Association meeting abstracts
- 2001-2002, 2005: Reviewer for Society of Behavioral Medicine meeting abstracts
- 2005: Reviewer for International Congress of Behavioral Medicine meeting abstracts

Grant Reviewer

- 2013-2020: Selection Committee Member, Scholars Program, William T. Grant Foundation
- 2014: Reviewer, National Institutes of Health, Special Emphasis Panel: Interventions for health behavior over the life course (ZRG1 RPHB-S 03)
- 2011: External reviewer, Canada Research Chairs Program
- 2011: External reviewer, William T. Grant Foundation
- 2009: External reviewer, National Institutes of Health, National Institute of Environmental Health Sciences
- 2008: External reviewer, William T. Grant Foundation
- 2008: External reviewer, National Institute on Aging Special Emphasis Panel
- 2006: External reviewer, National Institutes of Health, National Heart Lung and Blood Institute Special Emphasis Panel
- 2005: External reviewer, Natural Sciences & Engineering Research Council of Canada
- 2004: External reviewer, Canadian Institutes of Health Research

Editorial responsibilities

- 2019: Guest Editor, *Proceedings of the National Academy of Sciences*
- 2013-present: Editorial Board member, *Health Psychology*
- 2006- present: Editorial Board member, *Psychosomatic Medicine*
- 2010-2013: Associate Editor, *Health Psychology*
- 2004-2011: Editorial Board member, *Journal of Pediatric Psychology*
- 2008-2009: Guest Editor, *Psychosomatic Medicine*
- 2005-2009: Editorial Board member, *Journal of Behavioral Medicine*
- 2004-2010: Editorial Board member, *Journal of Consulting and Clinical Psychology*

Ad hoc reviewer

American Psychologist; Biological Psychiatry; Brain, Behavior, and Immunity; Child Development; Clinical Psychological Science; Current Directions in Psychological Science; Developmental Psychology; JAMA Pediatrics; Pediatrics; Journal of Allergy and Clinical Immunology; Perspectives on Psychological Science; Psychoneuroendocrinology; Psychological Science; Proceedings of the National Academy of Sciences

University Service

2017-present: Promotion Committee, Northwestern University Weinberg College of Arts & Sciences

2013-2020: Institute for Policy Research Executive Committee, Northwestern University

2016-2019: Director of Graduate Studies, Northwestern University Psychology Department

2016-2019: Department Graduate Admission Committee, Northwestern University Psychology Department

2017-2018: Office for Research Integrity Inquiry Committee Chair, Northwestern University

2016-2017: Dean Search Committee Member, School of Education and Social Policy, Northwestern University

2014-2015: Chair, Faculty Search Committee for Assistant Professor in Clinical Psychology, Northwestern University Psychology Department

2013-2014: Promotion Committee, Northwestern University Weinberg College of Arts & Sciences

2013-2014: Faculty Search Committee, Medical Social Sciences Biobehavioral Oncology, Northwestern University

2011-2012: Steering Committee, Institute for Heart & Lung Health of British Columbia

2011-2012: Space Committee, UBC Department of Psychology

2010-2012: Faculty Search Committee, UBC Department of Psychology

2003-2012: Steering Committee, UBC Health & Society Minor

2003-2012: UBC Faculty of Arts Liaison to the School of Dentistry

2010-2011: Student Recognition Committee, UBC Department of Psychology

2008-2009: Curriculum Committee, UBC Department of Psychology

2007-2009: Faculty Search Committee, UBC Department of Psychology

2007-2009: Graduate Student Fellowships, UBC Department of Psychology

2007-2008: Faculty/Staff Recognition Committee, UBC Department of Psychology

2007-2008: Graduate Student Admissions, UBC Department of Psychology

2007-2008: Graduate Student Fellowships, UBC Department of Psychology

2004-2008: Teaching Committee, UBC Department of Psychology

2006-2007: Alumni Relations Committee, UBC Department of Psychology

2005-2006: Strategic Planning Committee, UBC Department of Psychology
